

Back to School Tweets

Make copies of the Tweet slips and provide several to each student. Brainstorm all the reasons people tweet (*Share a thought, tip or idea, inform others of something, share an opinion, chat or respond to something, ask a question or ask for help update a status about what you're doing or feeling, tell a joke or say something funny, provide input on something.*)

Have students tweet throughout the day or week. Share them or put them on the 'Twitter Board' or in a box to refer to later.
