

Parent Survey

Dear Parents,

I'm very excited to have your child in my class this year. I am a life long learner myself and like to ignite the spark for a love of learning for all of my students. I want you to know that I share your goals completely and want what is best for your child. To that end, I hope you will complete this short survey that will help me understand how your child learns best. The information you share will be private and will not be shared with others. A deeper understanding of my students ensure that we have a great year.

① In one or two sentences, describe your child's personality. _____

② Describe your child's strengths and interests: _____

③ What types of things motivate your child? _____

④ Do you have any concerns? advice? worries? about the upcoming school year? _____

Parent _____ Child _____
