

# Label and Finish The Water Cycle

1. Label the clouds, the sun, the rain, the land, the water runoff, and the water.
2. Draw arrows demonstrating the water cycle.
3. Draw and label where evaporation would happen.
4. Draw another cloud and label precipitation.
5. Label where you would find water vapour.
6. Evaporation rises or falls? \_\_\_\_\_
7. Precipitation rises or falls? \_\_\_\_\_
