

# Money 101

**Budgeting:** Budgeting is important. A budget is like having a plan for your money. Budgeting means making sure there is enough money for different purposes, such as saving, spending, and donating.

- 1 What types of things would you budget money for?
- 2 If you had \$25.00, explain how you would plan and stick to a budget. (*What you would spend it on, how much and how much you would put away and what for.*)
- 3 What types of things to people donate their money to?
