## Shopping Problems with 7% Sales Tax

Shirt = \$20.00

Sweater = \$20.55

Hat = \$11.90

Belt = \$8.55

Bathing Suit = \$23.90

Coat = \$53.75

- 1 If Marin wanted to buy two sweaters, three hats, and two belts, how much would she have to pay if there was a seven percent sales tax?
- 2 If Milly wanted to buy a shirt and two hats, how much money would she need if the sales tax was seven percent?
