

Solids, Liquids, Gas BINGO Call Sheet

	CALL	CARD
<input type="checkbox"/>	1 Water changing to ice changed state its state because of...	Freezing
<input type="checkbox"/>	2 Matter has this many states.	3
<input type="checkbox"/>	3 Rust is an example of a _____ change	Chemical
<input type="checkbox"/>	4 Vapor from a steaming kettle is:	A Gas
<input type="checkbox"/>	5 Liquids DO NOT have a definite _____	Shape
<input type="checkbox"/>	6 A puddle disappearing in the sun is an example of...	Evaporation
<input type="checkbox"/>	7 These are examples of matter changes.	Melting, Freezing
<input type="checkbox"/>	8 Matter is described by its...	Properties
<input type="checkbox"/>	9 Ice changing to water changed its state because of..	Melting
<input type="checkbox"/>	10 Water is...	A Liquid
<input type="checkbox"/>	11 An example of condensation happens when you breath on...	Glass
<input type="checkbox"/>	12 This type of matter is a solid.	Rock
<input type="checkbox"/>	13 This type of matter is a gas.	Air
<input type="checkbox"/>	14 Our body is made of matter, these two are body solids.	Bones & fingernails
<input type="checkbox"/>	15 Dew on leaves or grass is an example of...	Condensation
<input type="checkbox"/>	16 When sand is mixed with water it won't	Dissolve
<input type="checkbox"/>	17 The amount of matter in an object is its.....	Mass
<input type="checkbox"/>	18 This type of matter is a liquid.	Milk

Solids, Liquids, Gas BINGO Call Sheet

	CALL	CARD
<input type="checkbox"/>	19 Most gases are....	Invisible
<input type="checkbox"/>	20 Everything is made of...	Matter
<input type="checkbox"/>	21 Baking changes a liquid to a solid. An example of this is....	A Cake
<input type="checkbox"/>	22 Burning wood is an example of a _____ change	Physical
<input type="checkbox"/>	23 An ice cube is..	A Solid
<input type="checkbox"/>	24 Liquids take the shape of their _____	Containers
<input type="checkbox"/>	25 These are all properties	Color, shape, texture
<input type="checkbox"/>	26 Our body is made of matter, these two are body fluids.	Blood & saliva
