

Name: \_\_\_\_\_

# My Voice Meter

Being able to control the volume of your voice is an important skill in life. Identify as many places as you can where it's okay to be loud and as many places you should speak softly/quietly.

Soft Voices

Louder Voices

Suggested Locations:

Movie Theatre

Library

Classroom

Gymnasium

When someone is on the phone

In the car

When someone is sleeping

Playground

Cheering at a soccer game

Yard at Recess

When somebody else is talking

Amusement park

(add your own locations too)
